MEMORANDUM FOR: Special Assistant, Technical Services Group, NPIC

SUBJECT : GFE [] Laser

1. A [] Laser was purchased by [] for use on NPIC Contract [] and was a deliverable item under the terms of this contract. At the completion of Contract [] the laser was provided to [] as GFE for use on Contract []. This laser was to be used as a backup laser in case of failure of either of the two lasers incorporated in the High Precision Stereo Comparator (HPSC). The backup laser is to be delivered to NPIC at the completion of Contract [] and will also be used as a backup laser when the HPSC is installed in [].

2. [] recently tested the GFE [] laser and discovered that it had to be reconditioned. They had this service performed by [] when they had their own lasers serviced.

3. Since this is GFE equipment and not an item purchased under the existing contract [] it is requested that [] be reimbursed for [] to cover the cost of refurbishing the GFE [] laser.
